

AAMI Surgical Gown

Level -2

Surgical Gowns

SPIG-2711

Disposable Surgical Gown Level-2

Made from medium – weight blue, 4 layer non-woven 40 GSM SMMS material that meets AAMI PB70 level 2 requirements Used in LOW risk situations.

Typically used during blood draw, suturing, in the Intensive Care Unit (ICU), or a pathology lab. Provides a barrier to larger amounts of fluid penetration Ergonomically designed for unrestricted movement, comfort and breathability.

White color - coded neck binding

Feature non restricted elastic wrists and neck ties

Side waist ties eliminate difficulties of tying behind the back

Strong sealed seams are designed to withstand even rough treatment offering 360 degrees total protection.
